# Welcome

*It's the beginning of a new school year at FSC. Welcome Week events are around every corner. First students size up their surroundings: returning students size the new students up. Parents are all around, the bookstore is packed, and parking is impossible. To some, it is the beginning of independence. To most, it is a return to the familiar. To everyone, however, the year is full of possibilities.*

There is really no way to describe how the events of September 11, 2001 have changed us, but they have changed us. Even in our youth we have become more aware of our mortality and vulnerability, but greater still we have become aware of our need for one another.

If there is one thing that can be said about that day, it is that on that day we, the students, faculty, and administration, saw the strength of the community at Florida Southern College. Just as the nation joined together for the common purpose of healing and defending justice, so to did we unite to support one other in our day-to-day lives and cope with the tragedy.

The terrorists may have toppled buildings and taken innocent lives, but they did not shake our ability to unite beneath the canopy of freedom and be strengthened by the nation's resolve to fight.

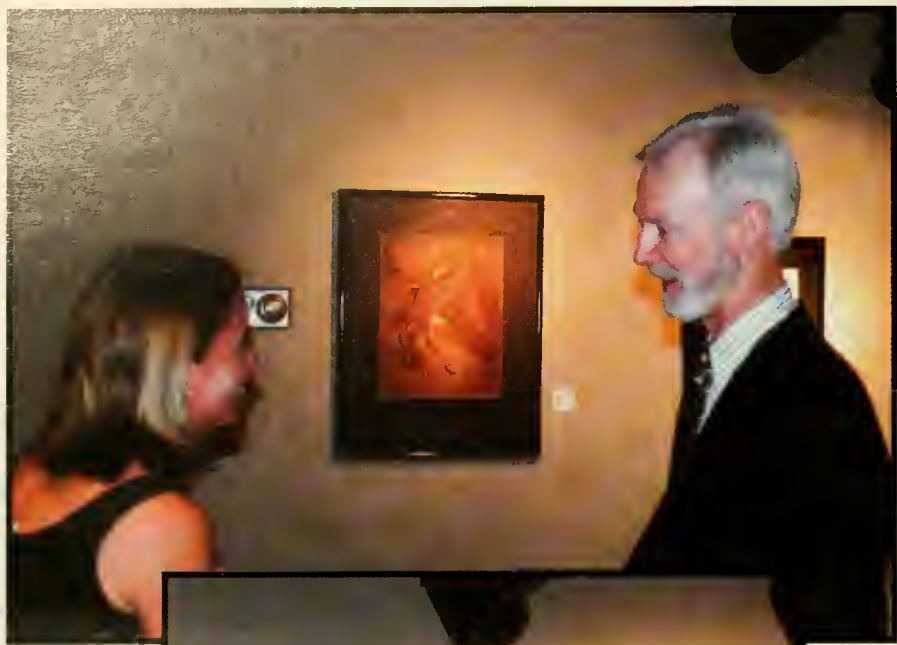

# Academics

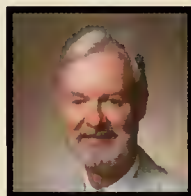

*“The roots of education are bitter, but the fruit is sweet.” -- Aristotle*

*One unforgettable aspect of college life is the work. We consistently write papers, give presentations, and study all night. No matter how stressful things can get, however, we cling to the knowledge that it will all pay off. Whether it is in the form of an “A” or in the form of rapport built with professors, academic life at FSC is unique, challenging, and worth the effort.*

# Clubs &

# Organizations

While we receive our degrees for the work that we do in the classroom, at times the education we receive in the various clubs and organizations on campus is just as important.

Furthermore, it is in these groups that we can build life-long friendships that may be even more valuable. Whether it is helping the community in groups like Habitat for Humanity, praising God in ministries like Beyond, or becoming closer brothers or sisters in the fraternities and sororities, the times spent in these groups has been some of the most important time we will ever spend.

# People

*In this small, liberal-arts college in Lakeland, Florida resides a community of students who have one thing in common: Florida Southern College. Behind every smile, however, is a different individual with a unique story to tell. Many of us are from various cultures and speak a number of different languages. This diversity is what makes FSC great.*

# Student Life

*A lot of the most useful knowledge we learn in college does not come from inside the classroom. Whether it's sitting around a table in the cafe, playing basketball in the Wellness Center, or watching life pass by from a bench, these parts of everyday life at FSC are the things we will never forget.*

# Support Staff

The support staff at FSC keeps things running smoothly. As professors, administrators and students buzz about campus, these vital individuals quietly make our jobs easier. Though recognition

rarely finds them, it is because of our support staff that we are able to find the books we need, to eat our meals everyday, to call for help with our schedules or finances, and to count on help in an emergency. FSC cannot express enough appreciation to our support staff, the pillars that hold up our school.

# Sports

*Athletics is one of the many aspects of Florida Southern that students can take pride in. With numerous national championships and superb team and individual performances FSC has established itself as a powerhouse in many sports. Go Mocs!*

# Thanks, Coach Anderson

After 43 years as a part of FSC baseball, we want to show our appreciation for your drive, work ethic, and most of all your attitude. We will miss seeing you out on the field, but we look forward to your continued involvement in Florida Southern athletics.

This section is dedicated to you.

# Graduation

*"Finish each day and be done with it. You have done what you could: some blunders and absurdities have crept in: forget them as soon as you can.*

*Tomorrow is a new day: you shall begin it serenely and with too high a spirit to be encumbered with old nonsense."*

*--Ralph Waldo Emerson*

*The four years that we spend at Florida Southern will be some of the most challenging and rewarding that we will have. As we celebrate commencement, we cannot forget all those that helped us in the journey that ends with that final walk across the stage. Parents, grandparents, professors, and school faculty have been there along the way to guide us and prepare us for the still greater obstacles that will face us when graduation is done.*

Well, this is it. Your 2002 edition of *the Interlachen*. And I have to say that I am thoroughly exhausted. This year has been a life lesson to say the least, and what I will take away from this experience has meant more to me in the education of life than it has for anything else. For what it is worth I want to say that I am sorry to anyone of you @ FSC who have not been represented in the last 151 pages. My goal was not to give you a flashy yearbook, but to give you a book of record. So, I apologize to any of you who I have failed. There are so many people that I would like to thank, but more than anyone I would have to give praise to God for getting me through this year and for giving me such an awesome staff.

I would also like to give a big thanks to Bob Black for being an understanding advisor(shhh!) and to all to Comm. professors. I could not have asked for better mentors. Also, thanks to President Reuschling, Dr. Connors, and David Bodwell, who have been so incredibly helpful to me personally. To you graduates, good luck. You have been my friends and competitors for these four years and pushed me past my limits. To all you who will be around in years to come, be thankful that you are blessed enough to attend a school where the people really care for you. If you don't know that they do, then get to know them and you will find how right I am. There are so many things that I would like to say, but I do not want to be long-winded because most of you won't read this. No other words of wisdom except to say, that there are bigger things than these four years, use this time to find out what they are.  
Peace Out! Zac
